

Association of Cleveland Firefighters

Statement from the Association of Cleveland Fire Fighters

CLEVELAND, Ohio (June 19, 2012) – The City of Cleveland has concluded a review of a recent internal audit of the Division of Fire. When presented with these issues last December, Local 93 met with the City and developed solutions.

Local 93 continues to move forward with the principles that have helped maintain the safety of the City and well-earned reputation as community protectors. These principles are to consistently provide the highest level of fire protection, rescue services and emergency medical care to the public we serve.

About IAFF Local 93

The International Association of Fire Fighters, headquartered in Washington, D.C., is the leading advocate in North America for the safety and training of firefighters and paramedics. The IAFF Local 93 represents nearly 800 full-time professional firefighters and paramedics who protect the City of Cleveland. Local 93 provides many important services including: fire protection, hazardous materials response and rescue services ranging from basic and advanced life support medical care, high-angle incidents downtown, water rescues on the lake or rivers and extrications from motor vehicle accidents. More information is available at www.iafflocal93.org
